

R. Surya

WordPress Developer | UI / Front-End Developer

[+91 7092950345](tel:+917092950345) | suryasurya2882002@gmail.com | [LinkedIn](#) | [Portfolio](#)

Professional Summary

WordPress and Front-End Developer with nearly 3 years of professional experience engineering responsive, SEO-friendly, and performance-optimized websites and web applications. Specialized in **Custom Theme Development, Custom Plugin Development**, Elementor, Elementor Pro, WooCommerce, ACF, Custom Post Types, Custom Taxonomies, Gutenberg blocks, and REST API architectures. Strong front-end proficiency in HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, React.js, Next.js, TypeScript, and GSAP. Skilled at converting Figma designs into 100% pixel-perfect interfaces, producing modular UI components, and accelerating Core Web Vitals to reduce page latency by up to 35%.

Technical Skills

WordPress Architecture: Custom Theme Development, Custom Plugin Development, Theme Customization, Child Themes, Custom Widgets, Elementor Pro, WooCommerce, ACF, Gutenberg, Custom Post Types, Custom Taxonomies, WordPress REST API

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, TypeScript, Node.js, GSAP, Redux Toolkit, Context API, Bootstrap, Tailwind CSS, Responsive Web Design, Cross-Browser Compatibility

Performance Engineering: Core Web Vitals, Browser Caching, Lazy Loading, Image Optimization, Code Splitting, Memoization, Technical On-Page SEO

Development Tools: Git, GitHub, npm, Chrome DevTools, Figma, Canva, Agile Methodology, Website Migration, Backup Automation, Security Updates

Professional Experience

Nexevo Technologies Pvt. Ltd.

WordPress Developer / Web Developer

Jun 2024 – Present

Bengaluru, India

- Architected and deployed **35+ responsive WordPress websites**, converting complex Figma wireframes into pixel-perfect, accessible, and SEO-compliant web layouts with 100% cross-device responsiveness.
- Authored **custom WordPress themes, child themes, and proprietary plugins**, delivering 20+ custom widgets, Elementor Pro templates, and WooCommerce store modules.
- Structured scalable content architectures using **ACF, Custom Post Types (CPT), and Custom Taxonomies**, reducing content publishing workflow time for clients by 40%.
- Formulated reusable Elementor widgets and modular UI components, providing standardized, drag-and-drop page administration without backend dependencies.
- Programmed interactive and mobile-first interfaces utilizing **HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, and GSAP** to achieve sub-second animation frame rates.
- Integrated **WordPress REST APIs, external endpoints via Axios**, secure payment gateways, Google Maps APIs, and event-driven newsletter triggers.
- Built **10+ web applications** using React.js, Next.js, TypeScript, and JavaScript, creating 30+ reusable modular UI components with state management via Redux Toolkit and Context API.
- Accelerated **Core Web Vitals** performance scores by 30+ points through code splitting, memoization, lazy loading, caching, and asset optimization, **cutting page load times by 25%–35%**.
- Spearheaded version control workflows via **Git and GitHub**, collaborating with 6+ engineers across 2-week Agile sprint cycles to ship milestones on schedule.
- Executed 20+ seamless site migrations, scheduled weekly backup pipelines, established security hardening protocols, and maintained 99.9% website uptime.

Sarovar Infotech Pvt. Ltd.

WordPress Developer

Oct 2023 – Jun 2024

India

- Constructed and launched **25+ responsive WordPress websites** and optimized landing pages from UI/UX design mockups with a 100% client delivery acceptance rate.
- Customized theme structures, child themes, and configured 15+ third-party WordPress plugins including contact forms, Google Maps, and payment gateways.

- Administered routine database backups, managed end-to-end server migrations, and conducted cross-browser compatibility testing across 5+ major browsers.
- Optimized technical on-page SEO structures and image assets, lifting Google PageSpeed Insights mobile benchmark scores to 85+.

Selected Projects

WeDrive Global [\[Live Link\]](#) | *HTML5, CSS3, Bootstrap, Next.js, Tailwind CSS*

- Designed responsive website layouts and co-developed an end-to-end vehicle reservation module utilizing **Next.js (SSR/CSR)** and **Tailwind CSS**.
- Delivered 15+ reusable UI components, multi-step booking workflows, and programmatic form validation to enhance mobile navigation flow.

DegreeBaba [\[Live Link\]](#) | *WordPress, Custom Plugin, Elementor, ACF, Gutenberg, REST APIs*

- Engineered a **Custom WordPress Plugin** from the ground up, connecting backend REST APIs to dynamically fetch, map, and render live education course directories.
- Created custom ACF field groups, custom Gutenberg blocks, and Elementor widgets featuring **inline editing**, reducing content update cycles to 0 code changes.

Artha Design Studio [\[Live Link\]](#) | *WordPress, Theme Customization, Elementor, ACF, HTML5, CSS3, JS*

- Produced a visual design portfolio translating high-fidelity Figma files into responsive WordPress templates with custom ACF field integration.
- Integrated lazy-loaded image grids and WebP asset delivery, reducing total homepage payload size by 45%.

Nexevo.in [\[Live Link\]](#) | *HTML5, CSS3, Bootstrap, PHP, Laravel*

- Implemented the responsive front-end interface using semantic HTML5, CSS3, and Bootstrap, ensuring 100% cross-browser rendering accuracy.
- Collaborated with backend engineers to bind UI forms and view templates to PHP/Laravel controllers, streamlining server response times.

Software Product Website | *Next.js, Tailwind CSS, TypeScript, Node.js, GSAP*

- Developing responsive product landing pages and presentation sections using **Next.js, TypeScript, and Tailwind CSS** with 60fps **GSAP** scroll animations.
- Formulating modular front-end components and integrating **Node.js API endpoints** to deliver sub-200ms server-rendered response times.

Education

B.Sc. Computer Science (SSS) – 71.32%
SLCS Subba Lakshmi Lakshmipathy College of Science

2023
India

Certifications

Microsoft Technology Associate (MTA) – Security Fundamentals | *Microsoft*

Mar 2022

- Validated core competencies in enterprise security principles, network protection protocols, and access control best practices.

Microsoft Technology Associate (MTA) – HTML5 Application Development | *Microsoft*

Feb 2021

- Certified foundational expertise in HTML5 markup architecture, CSS3 styling structures, and modern JavaScript application programming.
